ORACLE IS THE INFORMATION COMPANY

Oracle Lifetime Support From Five Years to Forever

Oracle Fusion Middleware

Maximize your support investment, unlock the full value of your Oracle products, and control your upgrade strategy—with the industry's leading support policy.

Simple, predictable, flexible, and the most comprehensive support policy available, the Oracle Lifetime Support Policy helps drive your business success. Oracle's industry-leading support policy covers your entire technology environment, from database to middleware to applications—an industry first, only from Oracle.

Oracle's Lifetime Support Policy also puts you in control of your upgrade strategy. Our flexible support policy stages make it easier for you to plan and budget for Oracle's exclusive product upgrades. You'll enjoy continued peace of mind, knowing that we'll always be there to support your business. When it's time to upgrade, you'll have rights to major product releases, so you can benefit from Oracle's technology leadership and keep pace with the world of business.

Expect lifetime support. Expect control of your technology future—with Oracle's Lifetime Support Policy.

Oracle Lifetime Support:

From Five Years to Forever

Oracle Lifetime Support Policy

With Oracle Support, you know up front and with certainty how long your Oracle products are supported. The Lifetime Support Policy provides access to technical experts for as long as you license your Oracle products and consists of three support stages: Premier Support, Extended Support, and Sustaining Support. It delivers maximum value by providing you with rights to major product releases so you can take full advantage of technology and product enhancements. Your technology and your business keep moving forward together.

Premier Support provides a standard five-year support policy for Oracle Fusion Middleware products. You can extend support for an additional three years with Extended Support for specific releases or receive indefinite technical support with Sustaining Support.

Premier Support

As an Oracle customer, you can expect the best with Premier Support, our award-winning, next-generation support program. Premier Support provides you with maintenance and support for Oracle Fusion Middleware products for five years from their general availability date. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Updates, fixes, security alerts, data fixes, and critical patch updates
- Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with most new third-party products/versions
- Certification with most new Oracle products

Extended Support

Your technology future is assured with Oracle's Extended Support. Extended Support lets you stay competitive, with the freedom to upgrade on your timetable. If you take advantage of Extended Support, it provides you with an extra three years of support for specific Oracle releases for an additional fee. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Updates, fixes, security alerts, data fixes, and critical patch updates
- Tax, legal, and regulatory updates
- Upgrade scripts
- Certification with most existing third-party products/versions
- Certification with most existing Oracle products

Extended Support may not include certification with some new third-party products/versions.

Sustaining Support

Sustaining Support puts you in control of your upgrade strategy. When Premier Support expires, if you choose not to purchase Extended Support, or when Extended Support expires, Sustaining Support will be available for as long as you license your Oracle products. With Sustaining Support, you receive technical support, including access to our online support tools, knowledgebases, and technical support experts. You benefit from

- Major product and technology releases
- Technical support
- Access to My Oracle Support
- Fixes, updates, and critical patch updates created during the Premier Support stage
- Upgrade scripts created during the Premier Support stage

Sustaining Support does not include

- New updates, fixes, security alerts, data fixes, and critical patch updates
- New tax, legal, and regulatory updates
- New upgrade scripts
- Certification with new third-party products/versions
- Certification with new Oracle products

For more specifics on Premier Support, Extended Support, and Sustaining Support, please refer to Oracle's "Technical Support Policies."

Oracle Applications Unlimited: The Choice Is Yours

Oracle Applications Unlimited and the Lifetime Support Policy represent our commitment to deliver an Oracle Superior Ownership Experience by protecting and extending your investment through enhancements to the products and solutions you have licensed. Oracle Applications Unlimited gives you the option to do what is best for your business: continue to derive value from your existing applications or upgrade to next-generation Oracle Applications, such as those built on Oracle Fusion Middleware, when it makes business sense.

The choice is yours.

Lifetime Support Policy:

Our Commitment to Deliver a Superior Ownership Experience

Support does not follow the Lifetime Support Policy.

Unless otherwise noted, each stage of support is provided through the last day of the month noted on the included charts.

For releases on Premier and Extended Support, previous patch sets (formerly maintenance releases) will be supported for six months after the release date of a new patch set. Patch set updates (formerly service pack updates) will be supported for three months after the release of a new patch set update.

Unless otherwise noted, indefinite Sustaining Support will continue to be provided for the latest service pack update of all product releases not listed above.

Hyperion components (including, but not limited to, components such as Hyperion Foundation Services, Oracle Hyperion Enterprise Performance Management Architect, Oracle Hyperion Smart View for Office, and Oracle Smart Space) are supported according to the timeline noted above for the release of the product with which the component(s) were shipped.

MASTER DATA MANAGEMENT AND DATA INTEGRATOR

Oracle's Data Integrator and Master Data Management solutions enable fast, accurate and flexible movement of data throughout the IT infrastructure and enable single-view composite applications using a service-oriented architecture (SOA) approach.

Oracle Enterprise Data Quality is a comprehensive data quality management application featuring data profiling, auditing, standardization, parsing, matching and merging capabilities. It is shipped with extension packs for working with specific data types, such as customer data, and with a connector to Siebel CRM/UCM.

Oracle Watchlist Screening is a best-in-class risk and compliance application for screening party records (customers, employees, suppliers, business partners etc.) against watchlists, comprising List Management, Screening, Risk Scoring and Case Management capabilities. Oracle Watchlist Screening uses the Oracle Enterprise Data Quality product as a platform.

APPLICATION INTEGRATION ARCHITECTURE

Oracle Application Integration Architecture (AIA) is a pre-built, open and complete architecture for orchestrating agile, user-centric business processes across enterprise applications. Through Oracle AIA, Oracle enables best-in-class applications to work together seamlessly as a suite, leveraging best practices and open standards that increase strategic value.

Oracle's Application Integration Architecture Releases

Release	GA Date	Premier Support Ends	Extended Support Ends	Sustaining Support Ends
Application Integration Architecture Foundation Pack 11g R1 (11.1.1.x)	Apr 2010	Jun 2014	Jun 2017	Indefinite
